Sammy, Davis and Junior - our cats

The new year 2020 is now a few days old. Let's take a quick look back in 2019 to see what has happened in the apartments.

What was going on in our apartments in 2019 ...

Sammy, Davis, Junior our small, furry "employees" have settled in well and take very careful care of our guests and are a popular photo motif too.

As always, we started with painting, renovating, checking everything, cleaning everything thoroughly at the beginning of 2019. So to make the apartments fit for the new year.

Apartment F21 / 18 got a new, large fridge and another kitchen cupboard for more storage space. There are now also new curtains in the bedroom.

Many cozy chairs from Leder Appel have found their way into apartments 1, 2, 3, 4, 7, 9, F21 / 17. And in Apartment F21 / 7 they brought us a wonderful new couch.

Apartment F21 / 17 also received a small kitchen update in the form of a new stove.

Probably the most visible change that came along with a corresponding construction site is at Ferchergasse 19. We have new apartment doors, fire doors, in friendly white, so that the whole house now looks much brighter.

More choice in Vienna experiences

We are now also working with [Get Local](#). If you already know the sights of Vienna or you would like to get to know many more sides of Vienna, then our partner Get Local is at your disposal. Here you can find and book your special experiences. It's worth it because many offers can only be booked exclusively for GetLocal visitors. In addition, the offers are constantly being expanded.

Get Local ideally complements our [existing partnerships with Vienna Sightseeing and Wien Ticket](#).

Vienna Sightseeing is a sightseeing tour operator for Vienna and the surrounding area. Discover the sights of Vienna such as Schönbrunn, old town, ferris wheel and much more. Their hop on hop off tours take you through the whole city. If you want to explore even more, the tours around Vienna are ideal for you. Get to know the Wachau, for example, enjoy a trip on the Danube, experience a day in Salzburg or spend your day in Hungary in the capital Budapest.

Do you need a ticket for an event in Vienna? Would you like to attend a concert? An opera performance? Or would you prefer to go to the theater? Then the huge selection of our partner Wien Ticket is available. Here you will find something for every taste.

2020 preview

But now to our first plans for 2020.

As always, we start with coloring, renovating, checking, cleaning thoroughly the apartments and thinking about what we will do this year.

Already agreed on is that we will redesign apartment F21 / 18. A new couch has been chosen, we have already considered new armchairs and many more things are in planning phase.

We selected the new couch for apartment R02 and it will come to us soon.

The Flexipass will be available from 2020 on. In addition to the [popular Viennapass](#), you can now also get the Flexipass from us.

With the Flexipass you have a ticket that grants you admission to 3, 4 or 5 sights and museums. You can choose from over 30 sights and sightseeing offers from which you can put together your program. Attractions and offers include, for example, a 24-hour ticket for the HOP ON HOP OFF buses from Vienna Sightseeing Tours, admission to the Schönbrunn Zoo or the Leopold Museum and the mumok in the Vienna MuseumsQuartier.

your advantages

- Up to 30% savings compared to the normal entrance fee
- Priority admission to many attractions
- Valid 30 days from the first use

These are the plans for now. But you already know us, we will for sure come up with many more things we can implement during the year. So be curious or the best, just see it by yourself. We look forward to welcoming you as a guest in 2020.
